

JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 26 February 1963

25X1 1. [redacted] William Saltonstall, in the office of
25X1A Senator Leverett Saltonstall, called to say the Senator had received a
25X1A letter from a bank president in Massachusetts whose son-in-law was
25X1A killed "in your service in Cuba." Saltonstall said according to the letter
25X1A the wife is not getting anything much out of us. She would like to know
25X1A something about the case. The deceased is [redacted] whose
25X1A I advised Saltonstall I would look into the case and be in touch with him
25X1A tomorrow. [redacted] is pulling together information for us.

25X1 2. [redacted] [redacted] called
25X1A to say that their people in [redacted] had a good meeting with [redacted]
25X1A who was referred to us by Representative Eugene J. Keogh, and it is
25X1A possible we might have some requirements for him.

25X1 3. [redacted] 25X1A
25X1A SR Division, advised that State Department had taken the following position
25X1A with respect to the possibility of [redacted] appearing before the
25X1A Senate Internal Security Subcommittee regarding the Soviet Orthodox
25X1A Church matter. State has indicated that while they are not happy at the
25X1A prospect of [redacted] testifying they have no basis for objecting. SR
25X1A Division is preparing a memorandum for the DD/P on this.

25X1 4. [redacted] Mr. Bushman, in the office of Senator
25X1A Hugh Scott, called to say they had received a rumor that a Government
25X1A agency plans to rent twenty apartments at [redacted] for
25X1A the use of out of town guests. Bushman said he talked with GSA which
25X1A knows nothing about this but who suggested he might try some of the
25X1A agencies who were not required to go through GSA on matters of this sort.
25X1A Bushman said it was a point of curiosity with him as to whether or not CIA
25X1A was involved. I said I knew nothing of this but would check and be in
25X1A touch with him. [redacted] informed me later that he knew nothing about
25X1A this and I am passing this back to Bushman.
